

Information Sheet

Port Albert

Located down past Wilson's Promontory, Port Albert is Victoria's best snapper fishing grounds with trophy fish over 20lb being caught. This is the area where snapper are caught first and the season between November and April is quickly booked out.

Our main boat "Chaser" is an 8.8 metre Powercat with twin 225 Yamaha offshore outboards which will get you to the grounds quickly and in comfort. "Chaser" is fully surveyed to carry up to 8 but prefers 6 anglers for comfort. Your skipper and crew have a vast knowledge of the Port Albert area and will keep you informed of weather conditions prior to the trip also.
