Crystal Blue operates 5 vessels for ease of booking which are fitted out for your comfort and safety. Equipment on board permits many different styles of fishing including popper fishing, trolling, hand line fishing and snorkeling. You will be collected from your resort and whisked away into the Fijian sunrise for a half or full day of fun in the sun... After all, that's what Fiji is all about!

The Mamanuca Group is famous for its scattered beautiful reefs and clustered little islands, providing a haven for our wide variety of marine life. Fish species mostly caught around these waters are Walu (Spanish Mackerel), Tuna, Mahi-Mahi, Sailfish, Barracuda, Giant Trevally and Wahoo. Most varieties of fish are available all year round, some more than others. The staff are famous for their fishing skills and in particular their raw talent and ability to give you a memorable fishing adventure. If you are adventuring for the first time, they will teach you how to catch fish.

Each of the 5 vessels carry Shimano and Penn fishing gear for trolling, popper casting and hand-lining. You can enjoy any or all of these fishing techniques and can even add some variety to your day and combine your fishing trip with snorkeling or an island resort visit and or dolphin watching within the duration of the charter at no additional cost.

Crystal Blue will take you and show you around the islands... With a few fish on board!
