

Mavana

Cultural Fijian Experience

Mavana is now taking its very first customers and displaying to them the kind of cultural experience you will only find in an untouched Fijian Village, which is exactly what this place is... A completely untouched and unfished Fijian Paradise.

The village of Mavana consists of only 250 people who live the traditional Fijian way of life. The only income for the village is through the exportation of Copra (coconuts). And as for the waters... INCREDIBLE! On the most recent trip, over 15 species of fish were caught in one day in waters which have only been fished for food purposes, leaving an abundance of wonderful species for you to chase.

The island is completely surrounded by coral reefs, long sandy beaches, swaying palm trees, rugged mountains and crystal clear water, making the perfect setting for a fishing lodge. On your arrival to the village you will be presented to the chief who will grant you freedom of the village and safe passage on your time there whilst you will be guarded by the spirits of their ancestors...

The Mavana experience is set over 3 days (minimum) and can extend up to 10 days in the village. Costs start from \$1800 per person and are all inclusive (ex Suva) for the time that you are on the island. The house girls will even ensure that you have clean clothes for the next days fishing adventure.
